

For Windows XP and Windows Vista.

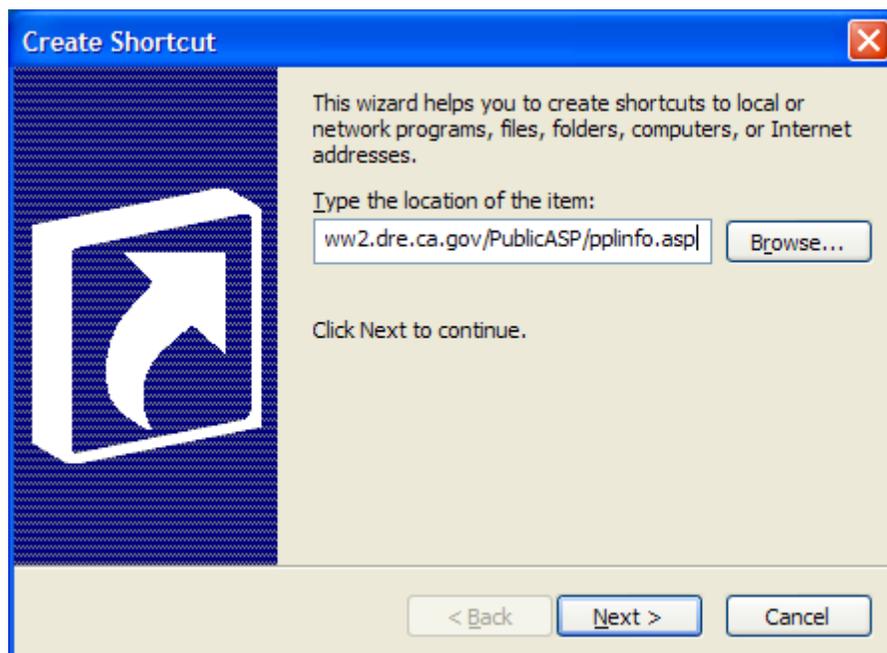

To make a desktop shortcut to the Department of Real Estate License Lookup web page, you need to do the following:

On your desktop, right click and choose **New**, and then **Shortcut**

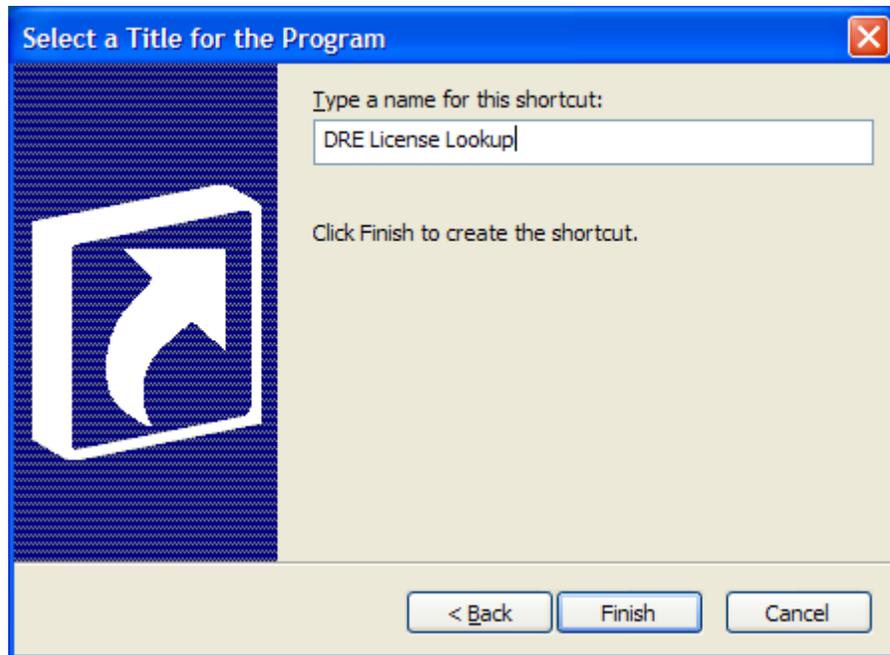

A Create Shortcut Wizard will walk you through the next steps...

Type in the **url** of the Department of Real Estate License Lookup page, and then click **Next**.  
<http://www2.dre.ca.gov/PublicASP/pplinfo.asp>

You can **name** the short cut appropriately, and then click **Finish**

You will find the shortcut on your desktop.
